

### **Tribute Story Criteria:**

We ask for your story, or stories of your friends/family who exemplify the attributes of a Typical Canadian. These stories will be used to pay tribute to those who deserve recognition and whose lives should be honoured for the difference they made in the lives of others before, during and after their battle with cancer.

We ask for stories of survivors, current fighters and those who have passed. The stories should center on the inspirational lives these people lived before they had cancer and the inspiration they had after they beat it or sadly lost their battle.

We ask that these stories pay tribute to the individuals' lives rather than the grueling details that come with the fight against cancer. We want to honour by paying tribute to the difference these people made.

The people that we honour are heroes. They are heroes because no matter if they won, or sadly lost their battle, they fought and they inspired. They fought and inspired with the courage and passion that is unmatched. They fought and inspired with the determination, willpower and compassion that is only displayed in a unique, exquisite individual.

We can inspire a nation and fight the battle against cancer with the stories of these heroes.

We believe that to honour is to inspire.
